デジモン クロスウォーズ

DIGIMON XROS WARS

Chapter 8!
Xros Generals Gather for the Anti-Bagra Allied Forces!!

Something wicked hides in the shadow of this girl

here's a recap!

So Taiki and his friends got sent to the Digital World while it was in the middle of a war!! though now things have gotten crazier!

It seems our hero is about to head into somthing he didn't sign up for

What a rude blunt tougne you have boy
I suppose you must be Kiriha Aonuma correct?
I do hope you will behave as well as to agree to join forces with us
Reload
CYBERDRAMON!!
Tch!
Kyaa!

Allies I don't know about?!
When did he... gain them
SHURIMON!
Dannit! Reload!
ドシャアッ
!?

Kyaa !!
Stop this at once! Kiriha!!
I refuse
I would never join forces with someone like you. DarkKnightmon
I only have the intention of making Taiki Kudou a part of my army
ピロ..
I see. how disapointing
though you realize that if you kill me this zone will vanish
I know that don't care either.
the stuff in this zone doesn't affect me so it can vanish all i care
Who the hell does he think he is?
!

!!

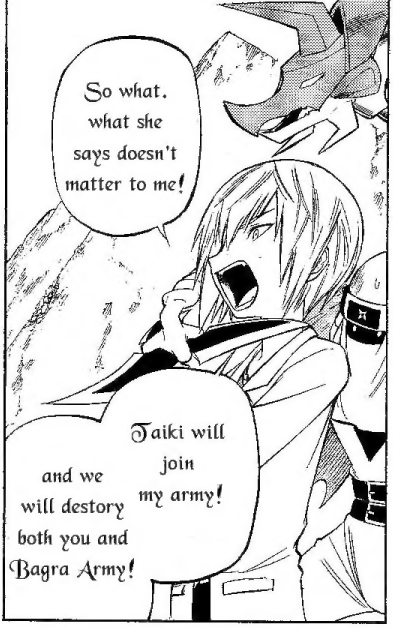
W-wait!!! Kiriha!! you said you would buy me snacks to eat!
!!
you'll rot your teeth anyway
oh bear with it

Don't move Kiriha!
I can't afford to loose him yet

You don't have to worry I'll make sure Taiki gets back here
Cyberdramon if you will

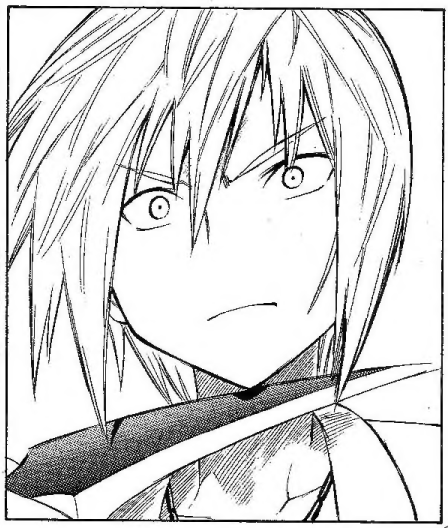
If i get killed or even cut completely destory DarkKnightmon
What !?
I believe this is fair a life for a life
He is an odd one.. though he knows what he's doing
He's not exactly a dog... more so a tiger.. or a wolf...
that makes him both dangerous and useful to us.... though he doesnt seem to be afraid of dying.. just looseing it seems
you know that your XrosLoaders are incompatible, yours and Taiki's the colors are too pure to mix
so if you will not join us i will half to destory you to ensure this plan will work

Kiriha... stubborn and rude...



So what. what she says doesn't matter to me!
Taiki will join my army!
and we will destory both you and Bagra Army!

Is he seirously still planning that?!
一触即発…!!
これはどちらかが死ぬぞ…!!

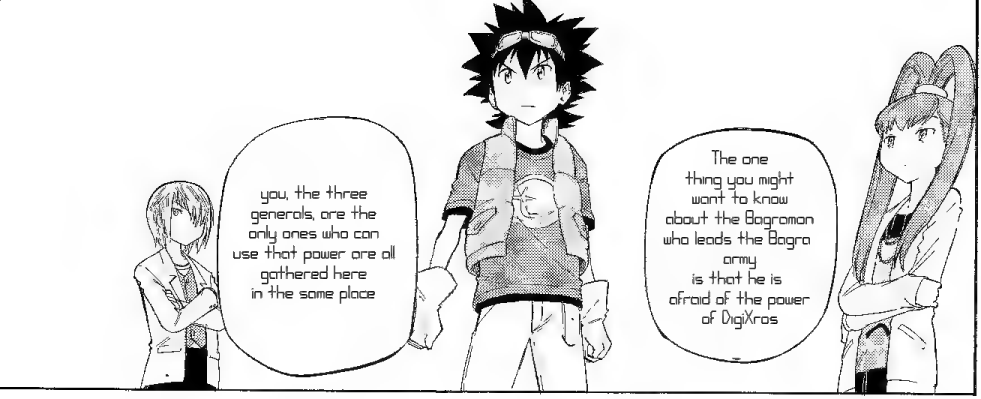


you're going to fast again!!!!
!?
W-wait! Sparrow-mon!

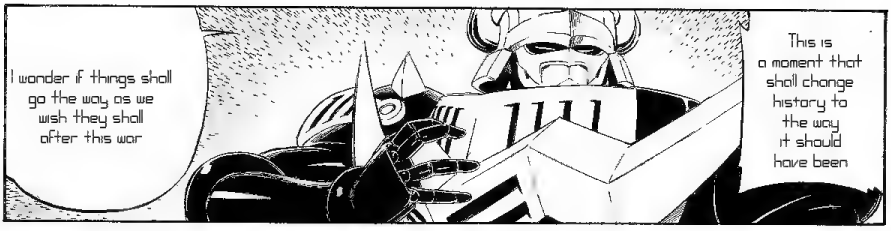
キッ!!?
WE'RE GOING TO CRASHHHHHHHHHH !!!!!
Nene!! I'm back! i'm back!
ベシャン

Dooooyoooon!!!
Isn't it obvious?
I came ot get you to join my army again
how about no
Your enterance is entertaining as always!
Geh!
you again. geez. what do you have a tracking device on me or something
Hehehehaa that was awesome !!!!
I wanna do that again!
I feel sick.....
never... again... please.....
So you are here Taiki Kudou!
Nene! ive missed youuu!
O-okay you can let him go! Shurimon!

It's quiet surpising that he has escaped on his own
as well as bring those other two along with him...
I wonder if it's just because of the fate of his nature?
You seem to be on the side of luck, Taiki.

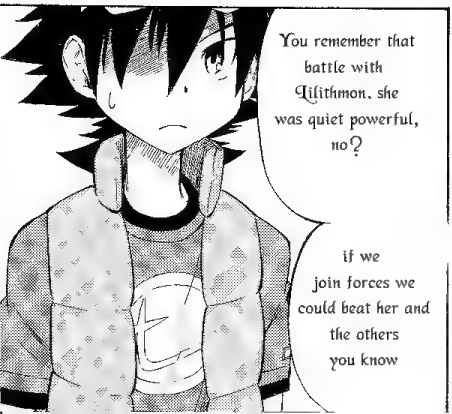


you, the three generals, are the only ones who can use that power are all gathered here in the same place
The one thing you might want to know about the Bagramon who leads the Bagra army is that he is afraid of the power of DigiXros



I wonder if things shall go the way as we wish they shall after this war
This is a moment that shall change history to the way it should have been

What about you, Taiki?
What will you do? will you join us?



You remember that battle with Lilithmon. she was quiet powerful, no?
if we join forces we could beat her and the others you know

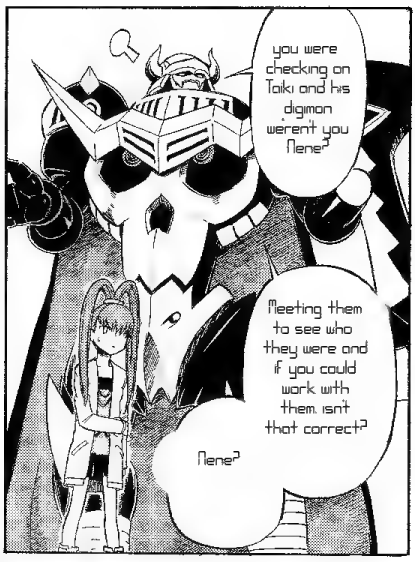
you need to watch your mouth child

Shut your yap already. I already told you I'm not joining you in anyway shape or form.
this is just plain a waste of my time listening to you speak.

Is this all to save your sister?
What deal did you make exactly with DarkKnightmon!?
Sp-Sparrow-mon!!
S-sorry! It slipped out!
!!
Nene.
if we battle them after splitting up, it will be a hopeless battle
joining together may be the only way.
We might be able to find another soultion together! without DarkKnightmon!
what are they talking about?
?
Isn't there another way to save her?!!
I want to help you though I can't if I don't know the facts
It was for that purpose i wanted to have you generals join forces
You're starting to annoy me human
I am simply helping her while trying to return this world to how it was meant to be

ホイ
Isn't that right, Taiki
A-ah.. he's right
Don't you find those events suspicous as well Taiki Kudou?
Hah. what a load of Bullshit
you even tricked them into letting you see his XrosLoader and CodeCrown
weren't you the ones who orchestrated that meeting between those guys and Tactimon in Snow Zone?
tch. so he's more observant than he appears

And we really don't intend to try to make enemies of other generals with Xros Loaders
We should all work together dispite our differences
we all have the same common goal to stop bagra after all
So let's think this all over



you were checking on Taiki and his digimon weren't you Nene?
Meeting them to see who they were and if you could work with them. isn't that correct?
Nene?

That's not the same as being friends
Nene! these guys arn't here to heed to my every call! they help me because we're friends
friends...?
The answer should be yes
You can even share any of the digimon in our army in battle
It's also a way to build up a trusting relationship with us. without doubt
getting to know each other no?
I will fight with them!
not just watch from the sidelines! I would help them so we can win!
Victory isn't truely obtained unless you give it your all and work together with your friends to win!
Don't you understand that Nene?!

I see
that opinion does indeed make you one on the side of justice however
it seems our offer was declined
See. Nene I told you
using a hostage would be better from the start
it's our insurance that will make them say 'yes' no matter what
Insurance? hostage?
Do Doru-lumon !!
Cutemon!
Where have you been 'till now?! where's Akari?! wasn't she with you?
Trouble kyu!
Akari she was.
What?! What happened !?
What ?!

Wait!
is that
?!
AKARI
!!!

in exchange for her safe return to you
All you need to do is come with us Taiki.
we need you for this
Don't worry though, she's just asleep
we won't harm her as long as you come with us
. . . . !
this is dispicable !! how dare you call yourself a general!
How about I eat you instead?
Taking a girl hostage to force an enemy to surender is disgraceful to a warrior!
She has no right to take a hostage!
It's disgrace-ful!
Stop. please Kiriha
I SAID TO STOP !!

You will return Akari if I go with you
Nene. I want you to promise me
?!
SO DO AS I SAY!
!!
SHUT UP
I always keep my wor-
Of course
I'm asking Nene.

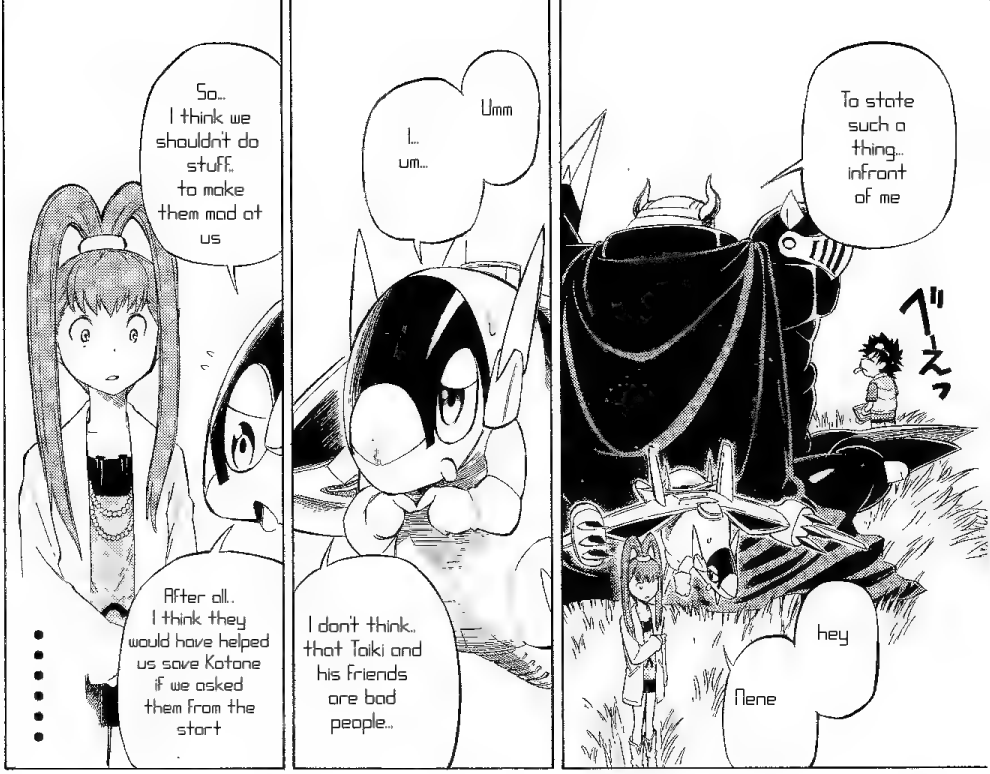
Even if my words don't have much of a meaning I can bet my life on it if need be
So yes. She will be returned to you if you come with us
I promise...
...?
What.. is this..
his spirit.. it's changed suddenly. like a dragon.. in rage
...
are you really going to trust her just like that?!
So let's get going
Good.
Although this isn't a good idea i shall go with you
HUH?

.....
「Shoutmon」
Taiki!
Sorry. Kiriha
this time I have no choice
I bet you must be pissed
To be honest instead of feeling greatful you should be feeling uneasy
I was intending to be a gentlemen here
though it seems i lost my tempt with that lady
Hmmm I'm starting to envy Akari
There's also a lady over here you weren't a gentlemen to

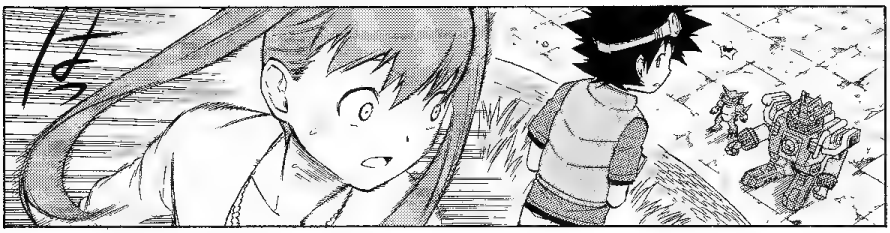
I refuse to call a woman that is interested in blackmail a Lady!
Release Akari
Dark-Knight-mon
you both keep your promises dont you? and yes I shall
Is that nessory?
If you leave me further than 20 metres away this blade will fall and your hands will be cut off
So don't think of trying to escape and you'll be fine
WHAT ?!

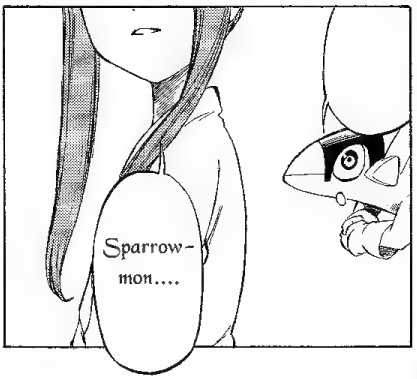
ORIGIN
!?

Zone Transfer
What- is that!?!
Oris- mon !!
A legendary digimon that is said to have been around since ancient times
Taiki!
Don't worry!
I will come back. I have to help you still after all
Go with her and do what you have to
just remember to come back
after all we're partners arn't we?



So...
I think we shouldn't do stuff...
to make them mad at us
After all...
I think they would have helped us save Kotone if we asked them from the start
Umm
I...
um...
I don't think...
that Taiki and his friends are bad people...
To state such a thing...
infront of me
ベえっ
hey
Nene





Sparrow-
mon....

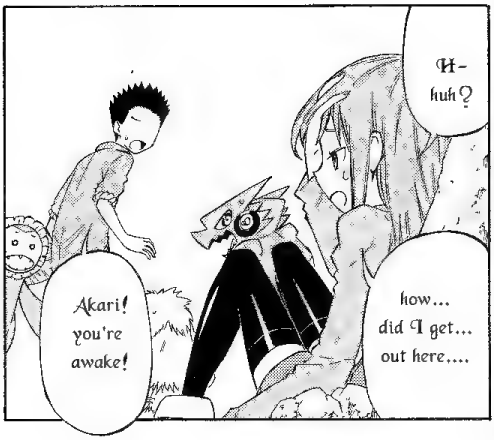
That's right...
apart from those at my side
Sparrowmon
is truely on my side

H-huh?
What are you saying Nene..
you get out of control in battle as well
but after knowing that secret you let it slip out without thinking twice of it.
i've thought about this before
Go. down there
I don't need you at my side anymore

i hate to do this... but it's for the best ... sparrowmon will understand if not now but one day
Thank you for everything till now
but please go. you can even stay with those friends of Taiki's if you wish
I kept you around due to your power. It was needed to get the third general
Though now I no longer have a use for you.

..
this can't be real..
Why did she just?!
The hell?!

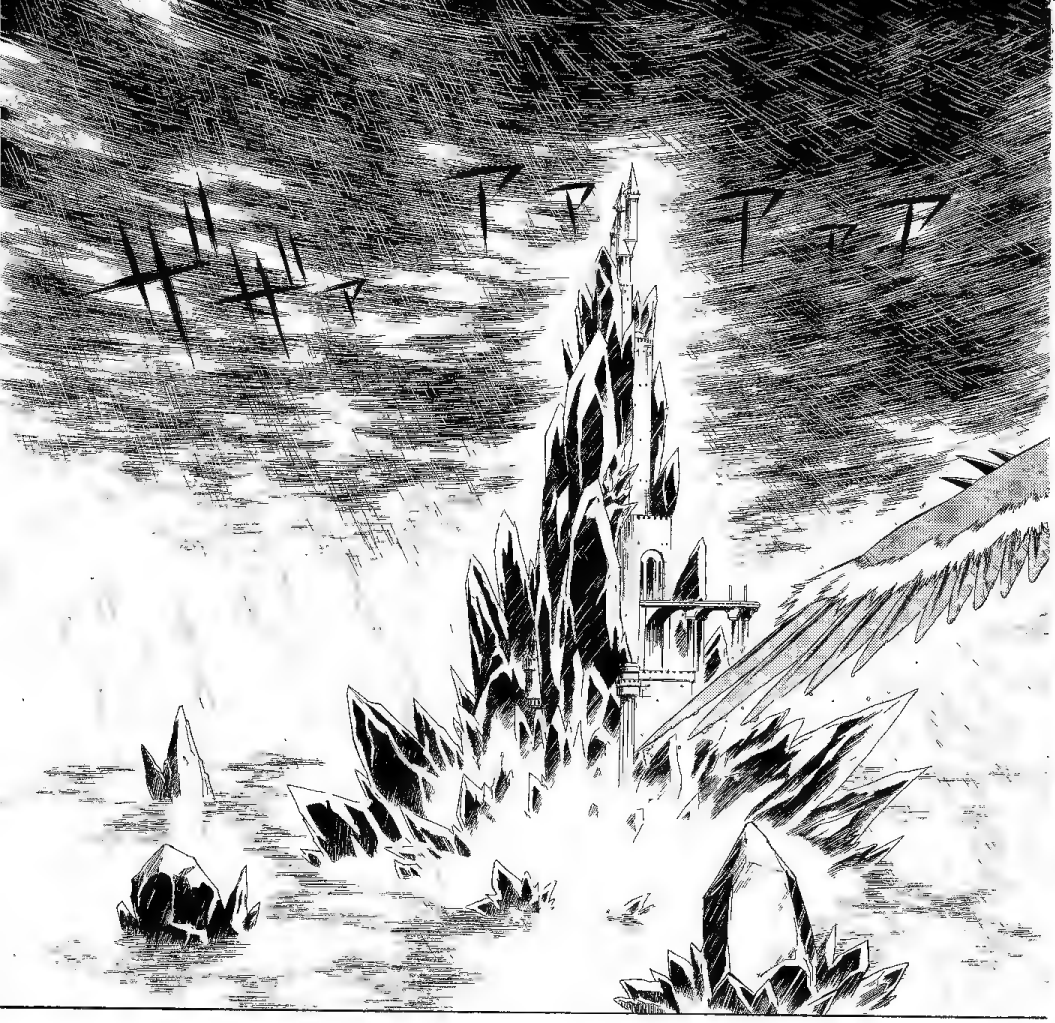
ow... my head...
Nene said I'm not needed anymore!
Wh-why! What am i to do!?



H-huh?
how... did I get... out here....
Akari! you're awake!

You seemed so concerned for her earlier, yet just told her to go find a new home
This is so unlike you Nene
This is unexpected. For you to abandon your prized digimon
Both DarkKnightmon and Ornismon don't seem to be affected by this place
so their probably stronger than i presumed
Do you have no trust in me? not that trust is needed of course
Ah! it seems we have gotten to our Zone!
!!

The Rain Zone
It never stops raining here, or so they say
It's also said that the rain is the tears of the Digital World



ｱｱｱ
ｱｱｱ

ドオオオオオ
This is my castle, The Dark Crystal Palace
Isn't this!?
all....

You might feel odd chills though think nothing of them
If you had a body of iron you would feel no heat nor cold
!!
ドロドロ

What is all this?!
Why are all these Digimon like this?!
How is it? this collection of mine
Nene helped get some of them
Their alive though
just sleeping while in this state
Asleep?
like this?
All of them were famous Digimon, very well known
Isn't it wonderful to have them all here?
Soon they will awaken
and become part of my army

Now we should get our ritual prepared!
A new point in history for darkness shall be born here!
!!
This is Kotone
My younger sister

You're.. joking... i'm the reason... he's..gone?
Kotone Amano, the fourth general
Don't cry! It wasn't your falut Akari!
i-it's all my falut...
He's right you're not the one at falut here. we should have had Dorulumon outside as lookout

uuum!
About that! We don't understand how yet
but! if we keep trying every zone we will find them!
Their all idiots
why does Taiki even want to help this Digimon?
So tell me
What Zone is he in?
how do you suppose you are going to save him?
eh?
GO!!
poke
now if you can see and hear me Then that means we have gotten Taiki to come with us
Good this is working
moni!
Monimon! Why are you here?!
If this happens then no one will be able to change it. so please listen as I reveal the truth
DarkKnightmon is trying to make his selfish future a reality by using me and Taiki
